Air Quality Forecast for the UK

Issued by the Met Office

Today: Low levels of air pollution are forecast across the UK on Wednesday, with the moderate northwesterly breeze, and occasional showers for some helping to prevent the build-up of pollutants.

Tomorrow: Low levels of air pollution are expected to persist across much of the UK on Thursday, isolated Moderate areas over south Wales.

Outlook: Drier and brighter weather, along with light winds will lead to areas of Moderate levels of air pollution building over the weekend, mainly across England and Wales.
